Guarantor	BNP Paribas S.A.

Listing	None
Public Offer	No
Competent Authority	Autorité des marchés financiers (AMF)
KID Production Date	28 February 2019

You are about to purchase a product that is not simple and may be difficult to understand.

## WHAT IS THIS PRODUCT?

### ► TYPE

This product is a certificate, a transferable debt instrument.

### ► OBJECTIVES

The objective of this product is to provide you with a periodic coupon in accordance with the Interest provisions below in exchange for a risk on both the Notional Amount and the Interest in case of the occurrence of a Credit Event on the Reference Entity. This product has a fixed term and will redeem on the Redemption Date unless redeemed early in accordance with the Early Redemption provisions below.

**The events constituting Credit Events are summarised below:**

- **Bankruptcy:** the Reference Entity experiences bankruptcy or liquidation or insolvency or related events.
- **Failure to Pay:** the Reference Entity fails to make payments to creditors due on its debt at all or in good time.
- **Restructuring:** the Reference Entity's debt is restructured on terms that are detrimental to the holder(s) of the relevant debt in a form that is binding on all holder(s)

Whether or not a Credit Event has occurred will be determined by a committee named CDDC, or, in the absence a CDDC determination, by the product calculation agent. Only Credit Events occurring between the Credit Event Backstop Date and the Redemption Valuation Date shall affect the product (earlier or later Credit Events shall not be taken into account).

**Redemption on the Redemption Date (in the absence of a Credit Event or Early Redemption):** On the Redemption Date you will receive in respect of each certificate, in addition to any final payment of interest, 100.0% of the Notional Amount per certificate.

**Redemption following a Credit Event:** If a Credit Event occurs with respect to the Reference Entity, the product will be redeemed on the Redemption Date following a Credit Event (as defined below) following the determination of the Recovery Rate (as described further below). The investor will suffer a loss of up to 100% of the Notional Amount per certificate, as he will only receive the Recovery Rate x Notional Amount per certificate as the Redemption Amount (instead of 100% of the Notional Amount per certificate in the absence of a Credit Event).

**Early Redemption (Issuer Call Option):** The Issuer has the right but not the obligation to redeem the product in full on giving prior notice on at least 5 business days prior to each Call Date. If the Issuer exercises their right, the Notional Amount per certificate is returned in full on the following Call Date and no further coupon on the redeemed certificates will be paid from and excluding the following Call Date.

**Interest:** An amount equal to the Interest Rate x the Notional Amount per certificate shall be paid on the Interest Payment Date(s). Following the occurrence of a Credit Event, the interest shall cease to be payable from the immediately prior Interest Payment Date or the Issue Date (as the case may be).

### ► PRODUCT DATA

Issue Date	28 February 2019
Redemption Date (maturity)	5 January 2024
Credit Event Backstop Date	16 December 2018

Redemption Valuation Date	20 December 2023
Interest Payment Date(s)	5 July 2019, 5 January 2020, 5 July 2020, 5 January 2021, 5 July 2021, 5 January 2022, 5 July 2022, 5 January 2023, 5 July 2023 and 5 January 2024, in each case subject to adjustment if the Interest Payment Date falls on a non-business day

Issue Price	100%
Product Currency	EUR
Notional Amount per certificate	EUR 1,000

Interest Rate	2.15% per annum, paid on a 30/360 basis on the Notional Amount per certificate
Call Date(s)	5 July 2019, 5 January 2020, 5 July 2020, 5 January 2021, 5 July 2021, 5 January 2022, 5 July 2022, 5 January 2023 and 5 July 2023, in each case subject to adjustment if the Call Date falls on a non-business day

<b>CDDC</b>	A Credit Derivatives Determinations Committee established by the International Swaps and Derivatives Association, Inc. (ISDA) (or any successor thereto), further information on the committee, its members and its rules is available at the following website: <a href="http://dc.isda.org/">http://dc.isda.org/</a>
<b>Event Determination Date</b>	The date on which the CDDC is asked to determine whether the relevant Credit Event has occurred or, the date on which the product calculation agent notifies the Issuer that a Credit Event has occurred.

<b>Recovery Rate</b>	A percentage, determined in respect of one or more obligations of the Reference Entity, in an auction procedure organised by the CDDC after determination of a Credit Event (or if an auction does not happen, by the product calculation agent seeking dealer quotations to determine the price of selected obligations of the Reference Entity that will be used as Recovery Rate).
<b>Redemption Date following a Credit Event</b>	The date falling 3 business days after the determination of the Recovery Rate, or, if later, the Scheduled Redemption Date.

<b>Reference Entity</b>	<b>RED Code</b>
Fiat Chrysler Automobiles NV	NQ48AB

The product terms provide that if certain exceptional events occur: (1) adjustments may be made to the product and/or (2) the Issuer of the product may terminate the product early. These events are specified in the product terms and principally relate to the Reference Entity, the product characteristics and the Issuer of the product. The return (if any) you receive on such early termination is likely to be different depending on the scenarios described above and may be less than the amount you invested (including a possible reduction to zero).

The product terms also allow the Issuer of the product to extend the Redemption Date in certain circumstances to establish whether or not a Credit Event has occurred. In these circumstances, redemption of the product may be delayed. The redemption of the product may also be delayed in case of a Credit Event in order for a Recovery Rate to be determined. This delay should be limited to 1 month in most cases but is not limited in time.

In the event that the Reference Entity transfers all or a portion of its obligations to one or more other entities, those entities may be determined to be successors to the Reference Entity and such successor entity (or entities) may replace the Reference Entity. Following such succession an investor will take credit risk on the relevant successor(s) instead of the Reference Entity specified above.

All redemptions described in this document (including potential gains) are calculated on the basis of the Notional Amount, excluding costs, social contributions and taxation applicable to this type of investment.

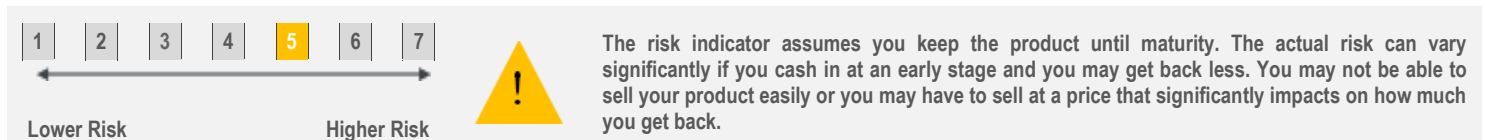

### ► INTENDED RETAIL INVESTOR

**This product has been designed for retail investors who:**

- have a medium term investment horizon (between three and five years).
- seek to invest in an income paying product, potentially to diversify their portfolio.
- are able to bear losses up to the total of the Notional Amount and are aware of the possible early termination of the product.
- have been informed or have sufficient knowledge of the financial markets, their functioning and their risks, and the asset class of the underlying.

## WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

### ► RISK INDICATOR

The summary risk indicator (SRI) is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 5 out of 7, which is a medium-high risk class.

This rates the potential losses from future performance at a medium-high level, and poor market conditions are very unlikely to impact our capacity to pay you.

You will receive payments in the product's currency, which may be different from your domestic currency. In this case, **be aware of currency risk**. The final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

For detailed information about all risks please refer to the risk sections of the Base Prospectus as specified in the section 'Other relevant information' below.

### ► PERFORMANCE SCENARIOS

Investment EUR 10,000				
Scenarios		1 year	3 years	Maturity
<b>Stress scenario</b>	What you might get back after costs	EUR 3,500.00	EUR 3,691.44	EUR 3,791.44
	Average return each year	-64.10%	-28.07%	-18.03%
<b>Unfavourable scenario</b>	What you might get back after costs	EUR 9,874.27	EUR 10,328.70	EUR 10,613.35
	Average return each year	-1.26%	1.08%	1.23%
<b>Moderate scenario</b>	What you might get back after costs	EUR 10,016.49	EUR 10,456.68	EUR 11,043.35
	Average return each year	0.16%	1.50%	2.06%
<b>Favourable scenario</b>	What you might get back after costs	EUR 10,109.00	EUR 10,563.35	EUR 11,043.35
	Average return each year	1.09%	1.84%	2.06%

This table shows the money you could get back over the next 4.85 years under different scenarios, assuming that you invest EUR 10,000.

The scenarios shown illustrate how your investment could perform. You can compare them with the scenarios of other products.

The scenarios presented are an estimate of future performance based on evidence from the past on how the value of this investment varies, and are not an exact indicator. What you get will vary depending on how the market performs and how long you keep the product.

The stress scenario shows what you might get back in extreme market circumstances, and it does not take into account the situation where we are not able to pay you.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

## WHAT HAPPENS IF BNP PARIBAS S.A. IS UNABLE TO PAY OUT?

Should the Issuer default or file for bankruptcy, you have the right to seek payment from the Guarantor pursuant to an unconditional and irrevocable guarantee of any amount due. Should the Guarantor also default or file for bankruptcy, you may suffer a loss up to the total amount invested.

The product is not covered by any statutory investor compensation or guarantee scheme.

Investors should note that BNP Paribas, acting as Guarantor, is licensed as a credit institution in France and as such is subject to the resolution regime introduced by the EU Bank Recovery and Resolution Directive of 15 May 2014. This regulation, among others, gives resolution authorities the power to amend the key terms of the guarantee, to reduce the amounts payable by the Guarantor under the terms of the guarantee (including a possible reduction to zero) and to convert the amounts due under the guarantee into shares or other securities or other obligations of the Guarantor. Investors may not be able to recover all or even part of the amount due under the product (if any) from the Guarantor under the guarantee or may receive a different security issued by the Guarantor in place of the amount (if any) due to the Investors under the product by the Issuer, which may be worth significantly less than the amount due to investors under the product at maturity.

## WHAT ARE THE COSTS?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs.

The amounts shown here are the cumulative costs of the product itself, for three different holding periods. They include potential early exit penalties. The figures assume you invest EUR 10,000. The figures are estimates and may change in the future.

### ► COSTS OVER TIME

The person selling you or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs, and show you the impact that all costs will have on your investment over time.

Investment EUR 10,000			
Scenarios	If you cash in after 1 year	If you cash in after 3 years	If you cash in at maturity
Total costs	EUR 266.32	EUR 263.66	EUR 166.09
Impact on return (RIY) per year	2.66%	0.87%	0.34%

### ► COMPOSITION OF COSTS

The table below shows:

- the impact each year of the different types of costs on the investment return you might get at the end of the recommended holding period;
- the meaning of the different cost categories.

This table shows the impact on return per year			
One-off costs	Entry costs	0.34%	The impact of the costs you pay already included in the price.
	Exit costs	0.00%	The impact of the costs of exiting your investment when it matures.
Ongoing costs	Portfolio transaction costs	0.00%	The impact of the costs of us buying and selling underlying investments for the product.
	Other ongoing costs	0.00%	The impact of the costs that we take each year for managing your investment.
Incidental costs	Performance fees	0.00%	The impact of the performance fees. We take these from you investment if the product outperforms its benchmark.
	Carried Interests	0.00%	The impact of carried interests.

## HOW LONG SHOULD I HOLD IT AND CAN I TAKE MY MONEY OUT EARLY?

The recommended holding period for the product is until 05 January 2024, which corresponds to the product's maturity.

The objective of the product is to provide you with the redemption profile described under "What is this product?" above. This only applies if the product is held until maturity.

Under normal market conditions, you may sell this product in the secondary market, at a price depending on the markets parameters prevailing at the time, which could put the invested amount at risk. Should you decide to resell, a fee of 1.00% will be deducted from the market price which could be increased under specific market condition.

## HOW CAN I COMPLAIN?

Any complaint regarding the conduct of the person advising on or selling the product can be submitted directly to that person.

Any complaint regarding the product can be submitted by writing to the following address: BNP Paribas CLM Regulations - Complaints Management, 10 Harewood Avenue, LONDON NW1 6AA, UK, by sending an e-mail to [cib.priips.complaints@bnpparibas.com](mailto:cib.priips.complaints@bnpparibas.com), or by using the online form available at the following website [www.kids.bnpparibas.com/cib](http://www.kids.bnpparibas.com/cib).

## OTHER RELEVANT INFORMATION

The information contained in this Key Information Document does not constitute a recommendation to buy or sell the product and is no substitute for individual consultation with your bank or advisor.

For a complete information on the product, including the risks involved, you should read the related legal documentation, which is available free of charge from your financial advisor.

This product may not be offered or sold, directly or indirectly, in the United States of America or to U.S. persons. The term "U.S. person" is defined in Regulation S under the U.S. Securities Act of 1933 (Securities Act). The offering of this product has not been registered under the Securities Act.
